Introduction to verb conjugation

In Italian, verbs are divided into regular, irregular, and reflexive.

Regular verbs belong to three conjugations, depending on the ending of their infinitive form:

-are, -ere, -ire.

They are conjugated according to specific patterns (with characteristic word endings).

It is worth learning these endings, as it facilitates the conjugation of such verbs.

The conjugation of regular verbs in different tenses follows specific patterns.

Verb conjugations

Verbs -are

Verbs ending in
-are,
first conjugation

Verbs -ere

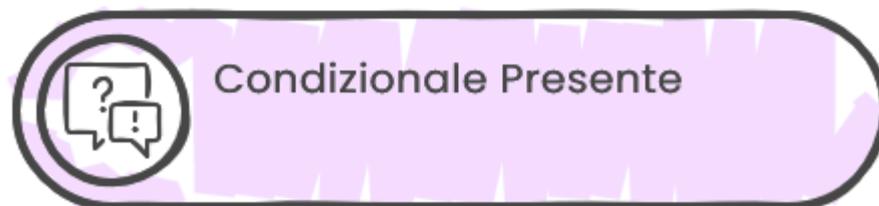

Verbs ending in
-ere,
second
conjugation

Verbs -ire

Verbs ending in
-ire,
third conjugation
